HAVING A SAY WHEREVER YOU LIVE
MESSAGE 3/10
HAVING A SAY WHEREVER YOU LIVE
Many people seek peace, democracy and freedom and also leave their homes for this reason. In the country that they migrate to, however, they often do not have any political voice. Integration will never succeed on this basis. When persons immigrate in an orderly procedure and settle down for a longer period, they must be able to take part in political life, for example in local elections and referendums.
